

## **Cardiac Device Specialist**

PrepMD Professionals LLC is seeking to hire candidates as Cardiac Device Specialists working in a healthcare setting in a contract staffing role. These jobs are in high demand and there is a strong need for experienced or trained and professionally developed individuals in these roles.

The Cardiac Device Specialist is employed by PrepMD Professionals and is contracted with a healthcare provider, and is responsible to provide clinical, technical, and related services in Electrophysiology and Cardiac Implantable Electronic Devices (CIED's). These individuals work closely with the physicians and patients providing high standard of care in a cardiology setting.

### **The responsibilities of the Cardiac Device Specialist include:**

- Does full evaluation and assessment of patients with pacemakers, ICD's, CRT devices and ILR's; Reprograms devices as required.
- Enrolls, interrogates, and programs patients with cardiac devices and recognizes abnormalities, malfunctions, and alert indicators.
- Assists in scheduling patients for follow up, remote monitoring, or replacement as indicated.
- Coordinates and prioritizes with other members of the healthcare team to respond to patients, plan, and initiate timely and efficient care.
- Educates patients and families regarding device function and remote and/or clinic follow up scheduling.
- Ensures timely and proper documentation and billing.
- Participates in the device recall team if necessary.
- Supports all aspects of documentation in the electronic CIED reporting system and the Electronic Medical Record.
- Maintains knowledge of hospital, department, and regulatory agency policies and requirements.
- Is available to perform duties in satellite and affiliate device clinics as needed.

### **Qualifications:**

- 4-year bachelor's degree (or equivalent) preferred
- Occupational Schooling: PrepMD Core Training Program or PrepMD Passport Series
- Strong communication skills and analytical skills
- Geographic flexibility required

### **PrepMD Professionals Corporate Sponsorship Program:**

The PMDP Sponsorship program provides an opportunity to enter the high-demand career space of cardiac medical devices. PrepMD Professionals invests in the learning and professional development of the candidate, providing access to cardiac medical device learning resources. A nominal payment is required only for accepted PMDP Sponsorship candidates. Participants must first complete the required online learning, in-person training, and proficiency assessment (a \$17,500 value), then enter into a 2-year contract placement as a cardiac device specialist (locations vary in healthcare systems across the U.S.). A \$5,000 sign-on bonus is paid when employment is started. During the 2-year contract, the employee maintains access to all online learning resources for further career and professional development.

**Benefits:** Full benefits package (healthcare, dental, vision, 401K)

**Job Types:** Full-time

**Pay:** From \$60,000.00 per year

**Locations:** All U.S. cities

### **Duration**

Permanent – 2-year contract full-time role

### **Compensation**

Paid · \$60,000 per year
