

Cardiac Device Specialist

PrepMD Professionals LLC is seeking to hire candidates as Cardiac Device Specialists working in a healthcare setting in a contract staffing role. These jobs are in high demand and there is a strong need for experienced or trained and professionally developed individuals in these roles.

The Cardiac Device Specialist is employed by PrepMD Professionals and is contracted with a healthcare provider, and is responsible for providing clinical, technical, and related services in Cardiac Rhythm Management and Cardiac Implantable Electronic Devices (CIED's). These individuals work closely with the physicians and patients, providing a high standard of care in a cardiology setting.

The responsibilities of the Cardiac Device Specialist include:

- Does full evaluation and assessment of patients with pacemakers, ICD's, CRT devices and ILR's; Reprograms devices as required.
- Enrolls, interrogates, and programs patients with cardiac devices and recognizes abnormalities, malfunctions, and alert indicators.
- Assists in scheduling patients for follow up, remote monitoring, or replacement as indicated.
- Coordinates and prioritizes with other members of the healthcare team to respond to patients, plan, and initiate timely and efficient care.
- Educates patients and families regarding device function and remote and/or clinic follow up scheduling.
- Ensures timely and proper documentation and billing.
- Participates in the device recall team if necessary.
- Supports all aspects of documentation in the electronic CIED reporting system and the Electronic Medical Record.
- Maintains knowledge of hospital, department, and regulatory agency policies and requirements.
- Is available to perform duties in satellite and affiliate device clinics as needed.

Qualifications:

- 100% geographic flexibility within the U.S.
- Training or experience in the cardiac medical device field (specifically CIEDs) required
- 4-year bachelor's degree (or equivalent) preferred with a required GPA of 3.0+
- Strong communication skills and analytical skills
- Background in Engineering, Science, Health Science - preferred but not required

Benefits: Full benefits package (healthcare, dental, vision, 401K)

Job Types: Full-time

Compensation: \$60,000 per year

Locations: All U.S. cities

Duration: Initially a 2-year full-time contract with the potential for extension. At the end of this period, the employee can explore the option of extending the contract or collaborating with PrepMD Professionals to transition into a direct position with a medical device manufacturer or healthcare provider.

Work Authorization: US work authorization is required (U.S. Citizenship or Permanent Residency)
